Arkansas Organization of Nurse Leaders

WHO WE ARE

The Arkansas Organization of Nurse Leaders (ArONL) was established before becoming affiliated with the Arkansas Hospital Association (AHA) in 1987. Its goal was to provide members with networking and educational opportunities designed to increase the advancement of nursing leadership in Arkansas. The goal remains the same today.

ArONL, affiliated with the American Organization for Nursing Leadership (AONL), promotes excellence in nursing leadership by providing opportunities for networking, educational activities, and exposure to topics that are relevant to nurse leaders in today's workplace.

OUR GOALS

Together, we strive to advance the development of effective nursing administration in health care institutions by:

- Providing a medium for interchange of ideas and dissemination of information and materials related to nursing administration.
- Providing a platform for nursing administration within the health care field from which to speak.
- Promoting educational programs and activities to strengthen nursing administration.
